

March 18, 2022

Dear Friends,

2022 brings a new opportunity to promote, educate and encourage youth interested in the dairy project and industry. We are pleased to say this year we will be having Dairy Day at the Talbot County Fair! This is a collaboration between the Spring in the Ring Youth Dairy Workshop and the Talbot County Fair Dairy Show. Combining the only local dairy workshop in the Mid-Shore region and a beloved local dairy show to allow youth to continue to learn about their projects, and then show off what they have learned in the show ring.

This is a great opportunity to support local youth and the future of our agriculture industry. We ask you to support our efforts by contributing to offset the cost of awards, ribbons and prizes as well as operating costs (such as: meals, insurance, educational materials and supplies). Any amount will help and we are confident the pride and interest of the agriculture and dairy community will help us succeed.

Dairy Day at the Talbot County Fair will allow youth in the area to gain skills and build excitement for the dairy industry, while still allowing other open exhibitors to participate in the Talbot County Fair Dairy Show. Dairy Day will be made possible through the combined efforts of numerous community organizations and countless volunteers whose experience is vast and deep from state & national dairy judging, national and international shows like All-American and World Dairy Expo, professional fitters and showmen. Our youth will have the opportunity to watch, learn and practice with either their own animals or leased animals.

Please review the enclosed information and do not hesitate to contact us with any questions.

We look forward to working with you for the Dairy Day at the Talbot County Fair!

Best Regards,

Trisha Boyce
